60 bushels of wheat the first mar-  
keted here this season. The wheat  
graded No. 2 and was bought by the  
William Pollock Mill & Elevator  
Company at \$1.05 per bushel. Mr.  
Miller has 23 acres of wheat which,  
he says will make 16 bushels to the  
acre.

Wallace Johnson, one of our regular  
patrons from Andrain County, Mo.,  
marketed in St. Louis Monday two  
cars of 1922 pound steers that sold  
for \$9.85. They were at the top of  
the market for steers of their weight.

The steers were mixed breeds and  
rather plain in quality. They had been  
conditioned for the market personally.

Saturday, July 24, at 3 o'clock  
on south side of Court House,  
Mexico, Mo. H. Clay Harvey, a  
farmer, stock raiser, educator,  
and entertainer from the Lower  
Rio Grande Valley, Texas, west

spent three years studying this  
magic valley, financially, intel-  
lectually and morally.

H. Clay Harvey needs no intro-

For twelve years he was  
principal of the State Normal School,  
one of the best Shakespeare  
scholars Missouri ever produced,  
and is known to be both a sci-

## HOME FROM GENEVA.

Miss Ruth Cook, Secretary of the  
Andrain County Sunday School As-  
sociation, has just returned home  
from the Lake Geneva Conference and  
has the following to say:  
The Training School of the Inter-  
national Sunday School Association  
was held July 2 to 11 at Conference Point  
on Lake Geneva, Wisconsin. The In-  
ternational Sunday School Association  
is an association of 18,000 Sunday  
School pupils in the United States and  
Canada. There are only 30,000,000  
Sunday School pupils in the world.

The Training School was orga-  
nized primarily to train workers in  
organized Sunday School work although  
it gives splendid courses for workers  
in the local school. Its work has en-  
larged each year and this year a  
course in Publicity was added and one  
in Education, dealing with the com-  
munity teacher training class and  
the city training school. Next year  
there will be a splendid course on  
rural life.

The faculty comprises the Inter-  
national officers and specialists in the  
various phases of Sunday School  
work. Missouri boasts of having three  
members of the faculty; Miss Forbes,  
Miss Ramsey and Prof. Howard G.  
Colwell, all of St. Louis. We also claim  
Mrs. Eddy of Kansas City, who will  
be a teacher in Dr. Truller's school.

Each course given was practical  
though it seemed that the course in  
story telling under E. P. St. John had  
the largest number of students.

The school had 198 students this  
year. It had representatives of thirty-  
two states, two provinces of Canada,  
and South America. Missouri has had  
a contest with Illinois in the number of  
students there, and she won again  
with thirty-eight students to Illinois'  
thirty. Ohio was third, with twenty-  
one students.

The Girls' Conference, which Miss  
Mary Deering will attend as a rep-  
resentative of the Presbyterian Sunday  
School of Mexico, will be there the  
last week of July and the first week  
of August.

**CARROLLTON, MO. VOTES DRY.**  
Carrollton, Mo., July 21.—This city  
voted to vote its five saloons by vot-  
ing "dry" yesterday by a majority of  
185. The county court of Carroll  
County, in which Carrollton is situat-  
ed, will be asked next month to call  
a county-wide local option election in  
September.

Yesterday's victory was won largely  
through the efforts of more than  
three hundred women and the local  
committee headed by J. W. Higgins-  
bottom. Opposed to them the "wet"  
imported Jack L. Meeker, St. Louis  
congressman, and Frank Farris, mem-  
ber of the last legislature, both of  
whom have campaigned for their  
cause throughout the state.

Carrollton's vote yesterday takes  
away saloons from one of the last  
four remaining "wet" towns in  
North Central Missouri. The others  
are Chillicothe, Moberly and Brook-  
field.

The election was quiet and was the  
first on the local option question here  
for twenty years. Nearly nine hun-  
dred votes were cast. Carroll County  
is "wet," but has no saloons.

## MOLINO.

ifornia to attend the exposition.—Lois  
Ware and wife, of Chicago, visited J.

ser, wife and son of Dalton Nebraska,  
are visiting relatives here.—Mr.  
and Mrs. Gregory and little son, of Col-  
umbia, are the guests of J. D. Worley

mains quite ill. Mrs. S. E. Kendall  
and Mrs. Pettus Caution came out  
from Mexico, Saturday, to see her.

Miss Caution remained for the week.

and Misses Gertrude Allen, Martha  
Caution and Edith Turner.—Mes-  
dames Stuart and Clement and Misses  
Allen and Turner were guests of Mrs.  
Nan Williams and daughters, Tues-  
day.—Remember the protracted meet-  
ing begins at Mt. Zion Tuesday night,  
July 27. Everyone is invited to at-  
tend these meetings.—Dr. J. F. Flynn  
and Harry Heiser each bought two  
tons of extra fine baled hay of Pete  
Caution at \$10 per ton.—The first  
car of wheat from here, this season,  
was shipped to Mexico, Monday, by  
W. W. Mundy and Charles Bradley.—  
From what the melon growers tell  
us, we are afraid there are not going  
to be many watermelons "smiling"  
on the vines.

had several years experience as man-  
ual training teacher. He comes high-  
ly recommended by the University  
Faculty. The Ledger joins others in

## RECORD OF CONCORD PRESBYTERIAN CHURCH

Record of Concord Presbyterian  
Church, first called Seven Mile Church  
organized June 30, 1833, on farm be-  
longing to Madison Dymart, three  
miles north of Concord, afterward  
known as the Judge Robert Calhoun  
farm, now belonging to J. G. Lanken-  
au.

After sermon from 1st Peter, 1:5-7  
by the Rev. Benjamin F. Hoxey, the  
following persons, who have been regu-  
larly dismissed from the Auxvase  
church were constituted into a church  
called Seven Mile Church, viz:—

Thomas Patton, Mrs. Amanda Patton,  
Wm. Burns, Archibald Gregg,  
Thomas Boyd, Miss Jane Ellen Boyd,  
Miss Nancy Boyd, Mrs. Elizabeth  
Boyd, Samuel Eiley, Miss Mary Riley,  
Madison Dymart, Miss Eleanor Hunter,  
Elijah Adams and Miss Elizabeth  
Gregg.

A covenant was entered into by the  
church.  
The name of the church was  
changed to Concord Church April 4th,  
1840. The first church building was  
a log structure, east of the road in  
the cemetery, and was erected by the  
Presbyterian and Associated Reform-  
ed churches. The present brick build-  
ing was erected about the year 1844.  
Continuance of Concord Presbyter-  
ian Church brought down to the year  
1912. As far as can be ascertained,  
the following ministers have served  
the church: Ben F. Hoxey, R. L.  
McAfee, J. L. Yantis, J. M. Inseth,  
Wm. W. Robertson, J. W. Wilson,  
Wm. Duncan, D. E. Curtis, W. W.  
Trimble, Frank Mitchell, H. C. Evans,  
Thomas Gallagher, G. B. Ervin, R. L.  
Moser, S. W. Mitchell, S. A. Cook,  
W. W. Palmer, D. S. Sage and J. C.  
Carson.

Also this church has been served by  
the following ministerial students,  
most of whom have since become regu-  
larly licensed and ordained ministers  
of the Gospel, viz:—Wm. Foreman,  
J. T. Hall, Charles McManis, Henry  
Heiler, Thomas E. Barber and the  
present supply, J. W. Boyer.

The following ruling elders have  
served this church: Samuel Riley,  
Madison Dymart, Thomas Boyd, Robert  
Calhoun, Wm. McPheters, David  
Leeper, Dr. S. N. Russell, Thomas  
Cress, John B. Henderson, Wm. Hol-  
man, J. J. McPheters, Arch Hunter,  
John T. Henderson and W. Ed Boyd.

Also the following deacons: Robert  
Brown, John T. Henderson,  
Thomas Glendy, Oscar Black, John  
Mas. Offut.

## IN SIX MONTHS, 34 LYNCHINGS.

In the first six months of this year  
there were thirty-four lynchings in  
the United States, according to Booker  
T. Washington, who conducted an in-  
vestigation through the department  
of research in Tuskegee Institute.  
This number is an increase of thirteen  
over that of the same period in 1914,  
which was twenty-one. Eight, or  
one-fourth of the lynchings were in  
Georgia.

Twenty-four of the total number  
lynched were negroes, while ten were  
whites. During the similar period of  
1914 there was only one white lynching.  
Seven of the persons lynched,  
six negroes and one white, were  
charged with assault. Other offenses  
alleged to have been committed by the  
victims of the mob were stealing cot-  
ton, stealing hogs, stealing meat,  
stealing a cow. The assault cases rep-  
resented 21 per cent. of the whole  
number.

## BUICK DEALERS PUT QUALITY BEFORE PRICE

Nelson & Sands Define Position on  
Which Company Has Built Success;  
Speak From Experience.

Now that most of the motor car  
companies have made their 1916  
announcements there is a great deal  
of talk in motoring circles concern-  
ing the prices at which the new  
cars are to be sold. Along with these  
discussions there has also been much  
talk concerning the lowest price at  
which a satisfactory motor car can  
be marketed.

"The average motor car buyer has  
a tendency to look at these ques-  
tions from a mistaken perspective,"  
said Nelson & Sands, local retailers of  
Buick cars, recently. "A great many  
of our automobile-buying friends do  
not take sufficient pains to make  
sure of getting a satisfactory car.  
They pay the closest attention to  
price, because price is the thing that  
concerns them most at the time of  
making their purchase. Later, how-  
ever, they find out that motor car  
service is vastly more important than  
motor car price."

"There is a minimum below which it  
is impossible to sell a satisfactory  
motor car; that is, a car that will  
give satisfactory service. The Buick  
Motor Company always has been  
guided by that great train in making  
and selling cars. Buick prices are  
made as low as it is possible to make  
them, and at the same time deliver a  
car that will give the motoring sat-  
isfaction the average buyer expects."  
"Buick cars could be made to sell as  
good as the Buick cars we are now mak-  
ing. We probably could sell a great  
many more cars if we were to sell a  
lower priced car than the Buick; but  
we prefer to keep our quality stand-  
ards at their present high level. We  
are positive that this policy will pay  
us and pay our customers in the long  
run."

was to have been held on the

## PERFECT CONFIDENCE

Mexico People Have Good Reason  
For Complete Reliance.  
Do you know how—  
To find relief from backache;  
To correct distressing urinary ills?  
To assist weak kidneys?  
Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many  
tests.

Here's Mexico testimony.  
C. E. Frazier, 1002 E. Liberty St.,  
Mexico, says: "Some years ago a  
cold settled in my kidneys, causing  
much misery and distress. I got  
so that I couldn't bend and if I at-  
tempted to get up from a chair, sharp  
pains stabbed me in the kidneys. Be-  
sides, my kidneys were irregular in  
action all the time. Doan's Kidney  
Pills were finally recommended to me  
and I used them. They brought re-  
lief and after I finished two boxes,  
the trouble left." (Statement given  
November 16, 1908.)

**OVER THREE YEARS LATER**  
Mr. Frazier said: "I still praise  
Doan's Kidney Pills, as they always  
relieve me when I need and use them."

## Every Day the Same

That's one reason

## The Silver Grill

always draws a good crowd of diners. We take  
pains to make our 25c meals the best in Mexico, as  
well as to see our "hurry-up" orders are the best.  
Follow the crowd and dine in the popular place.

W. W. Fry, Jr., Sam W. Byrns,

date.
